16 May 1957

MEMORANDUM FOR THE RECORD:

SUBJECT: Concurrence in Contract No. HF-6524 with General Precision Laboratories, Incorporated - Project [REDACTED] (AQUATONE)

25X1A2g

1. This memorandum contains a recommendation for approval of the Project Director. Said recommendation is included in paragraph 5.

2. Contract No. HF-6524 provides for the services of technicians trained by General Precision Laboratories, Incorporated in the operation and maintenance of Air Force Radar Navigation Systems at places within the ZI and overseas, on temporary and permanent change-of-station status.

3. The definitive contract allocates an amount not to exceed [REDACTED] during Fiscal Year 1957 chargeable to Project [REDACTED] against funds transferred by the Department of the Air Force. Concurrence by the Comptroller in the space provided below indicates that funds are available for this contract. This contract will be handled under the procedure approved by the DCI on 15 December 1956, which eliminates a separate certification from the DCI under authority of P. L. 110, Section 10(b).

4. The definitive contract provides fixed man-month rates for domestic and overseas services for the period 17 March 1957 through 30 June 1957. The contract provides that the contract may be renewed by mutual agreement; however, it is possible that AMC in Dayton, Ohio will amend one of their existing contracts to cover this service during FY 1958.

5. Approval of Contract No. HF-6524 and execution thereof on behalf of the Agency by the authorized Project Contracting Officer is recommended.
